

BEFORE YOU EVENT

Our Chilling & Handling Service

We have a very reasonably priced chiller trailer to chill your drinks, this includes our chilling and handling service. We advise you to have your drinks delivered to us a couple of days before your event and we will bring the chilled drinks with us to your venue.

AT YOUR EVENT

Dinner, Lunch & Drinks Parties

At your party our waiting team will make sure you are never left wondering when your glass will be refilled. We do not top up all of the glasses individually at the table (this can be too intrusive when you are deep in conversation while eating). We make sure bottles of wine and jugs of water are replenished so you can focus on enjoying yourselves!

Weddings

We will serve all of your drinks at the drinks reception after your wedding ceremony and during your meal (again, we do not top up all of the glasses individually at the table) we make sure bottles of wine and jugs of water are replenished on the tables, plus we will run your evening bar too.

*Please note for weddings, if you are hiring our chiller trailer, we can only take delivery of your drinks for your drinks reception (after your ceremony) & the wedding breakfast - once we arrive at your venue we will then offload our chiller trailer then chill down your evening bar drink.

OUR EVENING BAR SERVICE

CGC Events is licensed and will staff, stock and rock your bar!
You will need to provide a bar surface for us and we will organise the rest.

Sample Bar Menu :

Bottled beers & cider,

9 gallon keg of local Butcombe ale

Red & White wine

Sparkling wine

Spirits & mixers

** Cocktails to be discussed.*

If you want to have a paying bar, guests to bring cash with them.
